SPEAKERS ASK VOTES FOR BONDS

TELLING POINTS MADE IN ADDRESSES AT PUBLIC MEETING AT ROYAL THEATRE.

At a well-attended public meeting at the Royal Theatre on Thursday evening, Judge E. E. Cunningham roused his hearers to enthusiastic applause by a convincing address favoring all three of the proposed bond issues.

From the subject of insurance, the one topic assigned him, Judge Cunningham evolved unanswerable arguments, based on actual figures, proving conclusively that the saving effected on fire insurance by the installation of a fire alarm system and a city hall in which to house it, would pay the entire principal of the bonds within thirteen years. He also touched on the sewer bond question and made an appeal for fair play to the voters of the community by asking them to remember that when the sewers were built in the residential section of the city the factory interests paid 60 per cent of their cost, and that 70 per cent of the cost of the new sewer system would be borne by the same interests.

Oratory and Music.

The program of speeches was punctuated throughout with excellent vocal selections by local talent who had volunteered to do their feminine bit toward making the meeting interesting and entertaining. Miss Helen Carmody, Miss Bridgewater and Mrs. Hyland each rendered vocal solos, accompanied by Miss Mary Carmody, all of which were loudly encoraged. The vocal solo of Miss Rue Clifford, with Miss Viola Hein at the piano, received the same enthusiastic applause. G. Werner, architect of the city hall, went into details of the construction of the building.

City Attorney Coleberd, called on at the last moment as a proxy for City Clerk William J. Smith, who sent word that indisposition made it impossible for him to be present, in a rousing talk challenged the opposition to appear publicly and enter into a debate or advance any logical arguments against the election. Taking ridicule as his weapon, he scored the selfishness of whatever opponents the election might have and declared that they had attempted wilfully to mislead the voters by the dissemination of erroneous figures as to the cost to the taxpayer. He concluded by producing figures compiled from the records of the Tax Collector, showing that the cost to the average home owner would never exceed 1 cent per day.

County Tax Collector Ambrose McSweeney presided at the meeting and dismissed it with a few fitting remarks, in which he thanked all those who had so ably contributed to its success.

Sprinkled throughout the audience were many women interested in civic welfare and community advancement.

NEW WELLS TO SUPPLY ALL NEED FOR WATER

Officials of the Water Company state that the work of boring the two new wells to meet the added demands for water in this city is progressing favorably, and when the added source of supply is available are confident that the amount of water will be adequate for all the needs of the factory and residential district.

ACTION ON TEACHERS' SALARIES DEFERRED

Petition of South San Francisco Educators Meets Approval of Supervisors of County.

Endorsed by the South San Francisco Chamber of Commerce and signed by 120 citizens and teachers of the South San Francisco school district, a petition asking that all teachers of that district be paid not less than \$100 a month was received Monday by the Board of Supervisors in regular session at Redwood City. The petition set forth that because of the high cost of living the teachers found it difficult to manage on their present meager salaries. It was the first move made in this county to obtain higher pay for instructors in the public schools.

Supervisor W. H. Brown told the board that he was heartily in favor of raising the salaries of the teachers, and Supervisor John MacBain told them that he thought that the salaries of all the teachers in the county should be raised to that minimum. According to Brown, the increase could be met with an additional 8 cents on the present school tax. The Supervisors merely discussed the matter, however, and action was postponed to some later meeting.

Y. M. C. A. TO OCCUPY RED CROSS SHOP

The Young Men's Christian Association will establish permanent headquarters here in the building on Grand avenue formerly occupied by the Red Cross Shop. Secretary Smith will be in charge and minor alterations will be made in the building to meet the needs of the work of the organization.

Classes in nationalization and English will be conducted two evenings a week in the new headquarters, and permission has been given the Y. M. C. A. by W. H. Coffinberry to use the property adjoining the building as a recreation ground. Volley ball and other forms of recreation will be conducted, and an elaborate program of sports and athletics is planned for the boys and young men of the city.

Interesting activities among the plants have already been launched by the Association, principally at the Western Meat Company, Schwabacher plant and the Enterprise Foundry.

ANDREW HYNDING NEW DIRECTOR OF LAND COMPANY

Andrew Hynding will be elected a director of the South San Francisco Land and Improvement Company to fill the vacancy created by the death of the late Jesse W. Lilenthal, vice-president of the corporation.

Hynding, who is employed as purchasing agent by the Western Meat Company, is a long-time resident of South San Francisco and a member of one of the pioneer families of the peninsula, throughout which he is well and favorably known. His selection as a director of the land corporation met the unqualified approval of the financial interests which control it.

CHILD CRITICALLY ILL WITH SLEEPING SICKNESS

Little Theo. Petroff, five-year-old son of Mr. and Mrs. Petroff of 720 Linden avenue, is critically ill with a case of sleeping sickness, and Dr. Dolley, the attending physician, reports that there is little likelihood of the child's recovery.

TAX EVADERS ARE MADE TO PAY

INTERNAL REVENUE DEPUTIES ROUND UP TWENTY-FIVE EVADERS OF LIQUOR TAX AND COLLECT ARBITRARILY.

Twenty-five storers of wine which they had themselves manufactured and the existence of which they had failed to report to the United States Internal Revenue Department, were ordered by agents of that department to appear at the City Hall on Thursday and pay the revenue tax thereon. Each was penalized for failure to report to the government, and sums ranging from ten to one hundred and fifty dollars were collected by P. G. Sheehey and George W. Salisbury, deputy collectors of internal revenue, who were armed with detailed information of just what quantities of the vinted beverage the delinquents had stored against the dry days which are scheduled to follow July 1st. In most cases the tax was paid by the offenders, most of whom were Italians, without any protest.

The investigation was conducted quietly and with courtesy and unfailing good nature on the part of the government men who, in spite of any demur on the part of the delinquents, held firmly to the amount of taxes to be paid.

That ignorance rather than a desire to evade the law was the reason for non-payment seemed to be the opinion of the tax deputies. No figures were given as to the exact amount by which the coffers of Uncle Sam were enriched as a result of the round-up, which is only the beginning of the rigid investigation which will be made by the government against liquor stamp tax evaders. It is expected that many more holders of intoxicating beverages who have failed to pay will be called upon to explain why.

HEAVY SEAT SALE FOR BOY SCOUT PLAY

Packed House Will Greet Young Thespians at Their Second Annual Entertainment.

The story of the reformation of a gang leader is the theme of the play which will be produced by the Boy Scouts at the High School Auditorium on Friday evening, June 13. The action of the play portrays boy life in many phases, the opening scene being laid in a boys' clubhouse. A camp in the country at daylight, in the evening when the campfires are glowing and after taps, will furnish opportunities for the young thespians to introduce several novelties in the way of vocal and instrumental music, stunts and rapid-fire railferry.

Several hundred tickets for the performance have already been sold and the local troop expects to have a packed house greet its second offering in the way of entertainment. The proceeds of the play will go toward defraying the expense of the annual hike and camping trip of the troop into the Big Basin.

BEARS LOSE ON INFIELD ERRORS

Redwood Again Defeats Locals by Close Score in Nine-Inning Game; Wild Throws the Cause.

The Bears were again whipped by Walter Kellogg's P. G. & E. team at Redwood on Sunday by a 3-2 score in a nine-inning game.

Gene Camozzi, pitching for the Redwood team, was as generous allowing hits as a revenue collector making deductions on your income tax. Steele for the Bears pitched good

ball with the exception of two costly occasions, each of which allowed a Redwooder to scamper across the pan with a tally. He also passed Fitzgerald three times out of four times that gentleman came to the bat.

In the seventh, with the score two-nothing, the Bears threw an unholy scare into the Redwooders by starting a batting rally and tapping the pill for five hits and scoring two men. It happened this way:

Becker slapped out a single and Maderas chased him all around the paths to third on a liner which he poled to left center, scoring Becker. Belleri, not to be outdone, also connected with a single, Maderas continued his journey homeward and the score was knotted—2-2.

Redwood cashed in their needed run in the ninth, when Art Steele almost

threw the ball out of the park trying to nail Marshall at first and Joe Fitzgerald easily romped home from second. This run was enough for the Redwood City aggregation, for in the ninth frame the Bears dished up their three outs, allowing two men to die on the sacks.

The Bears will clash with the Mayrose Butters at the South Side playgrounds, Seventh and Bryant streets, San Francisco, on Sunday. The Mayrose Butters are the champion semi-pro. team of San Francisco.

JESSE WARREN LILIENTHAL DEAD

LAWYER AND BANKER WHO LOVED SOUTH SAN FRANCISCO GOES TO FINAL REST ON THURSDAY.

News of the sudden death of Jesse W. Lilenthal came as a shock to many in South San Francisco who knew him in a business and social way.

Mr. Lilenthal was vice-president and general counsel for the South San Francisco Land and Improvement Company, for twenty-five years he was a director of the Western Meat Company and closely associated with many of the enterprises of South San Francisco.

Masses of flowers, as sweet and beautiful as the character of the man to whose memory they were sent as a tribute, were banked in great profusion about the altar of the Temple Emanu-El on Thursday when the final rites over the body were held in the presence of sorrowing acquaintances, friends and relatives.

Every foot of available space was filled by the hundreds of citizens from all walks of life who came to pay their final respects.

The services began with a funeral dirge played by Organist Wallace Sabin. Relatives of the dead magnate filed silently and with bowed heads into the temple. They were followed closely by the honorary pallbearers led by Rabbi Meyer and Cantor Reuben R. Rinder. The honorary pallbearers were:

John Perrin, A. W. Foster, Marcus Koshland, Garret W. McEnerney, I. N. Walter, Judge W. W. Morrow, Joseph Friedlander, J. C. McKinstry, Abraham Haas, William von Phul, R. M. Tobin, Raymond Hanson, John A. Britton and Milton Esberg.

The following tributes were paid to the memory of Jesse Warren Lilenthal by some of the business men of this city:

W. J. Martin

I knew Jesse W. Lilenthal for the past twenty-five years. As counsel for the Land Company during that entire period his record shows a clean sheet, the company never became involved in any litigation and he never permitted a foreclosure on a single unfortunate defaulter on a lot purchasing contract. He was a staunch believer in the great future of South San Francisco, ardently advocated any move for its development and backed his belief in many financial transactions. He is a serious loss to this community.

The splendid Catholic edifice in this city was made possible through the active efforts of Jesse W. Lilenthal.

Of little affairs he was never negligent. Among the many instances in this community, I will recite but one. Tom Barrett, a well-known conductor on our street cars for years, had a crippled ankle which compelled him to lose nearly half of his working time, and when Mr. Lilenthal's attention was called to the fact, he not only made a thorough investigation but placed Barrett in a new position where he could work full time.

I heard a lady in this community say that the setting in Mr. Lilenthal's passing was the most perfect translation ever witnessed in modern times. Every creed and every class were mourners at his bier and the beautiful tributes paid to Jesse W. Lilenthal in public and at home firesides attest the

INDEPENDENTS MAY ADVANCE STEEL PRICES

An official of an independent steel company stated that the prices were firm and that further advances might be expected within a short time. Asked whether this meant earlier than September, he replied in the affirmative. This is the first admission on record by independents.

There has been a general feeling in the local trade that by September the buying movement would have developed to the point where a general advance might be necessary. It will be recalled that some of the leading concerns in the steel industry have informed their customers that the same scale of prices would be quoted during the next three to six months.

The leading interest has given assurances that the Industrial Board's price scale will not be altered for another three months. This action has created a greater feeling of confidence on the part of the buyers and increased business has resulted. The independent concern in question reports favorable operations and a generally satisfactory situation.

INCOME MAN WILL GET YOU IF YOU DON'T PAY UP

Mr. Income Taxpayer who has an installment account with Uncle Sam should bear in mind that his second payment must be in the hands of Collector of Internal Revenue Justus S. Wardell, San Francisco, not later than Monday, June 16.

Failure to make the payment on or before the above date subjects the taxpayer to a penalty of 25 per cent of the tax, and interest at 1 per cent per month until the tax is paid.

Under the new revenue law, it is pointed out by the Collector, the ten-day grace period which obtained in the former law does not apply.

Statements of their income and profits tax accounts have been mailed to more than 50,000 organizations and individuals in the district. Accompanying these statements are full printed instructions as to the manner of remitting the tax.

Where it is possible, the Collector urges taxpayers to pay the remaining installments on or before the next due date.

HERSMAN WINS APPOINTMENT ON PUBLIC LANDS COMMITTEE

The committees of the minority party have just been reorganized and ratified by the House of Representatives. Congressman H. S. Hersman of the Eighth District has been given an appointment on the important committee on public lands. This is a distinct acknowledgment of the Eighth District of California, as the committee on public lands is one of the most important committees in Congress.

Other committee assignments have also been made to Mr. Hersman.

FRIDAY, JUNE 6, 1919.

Jesse Warren Lilienthal

Jesse W. Lilienthal, lawyer, banker, philanthropist and friend of humanity, is dead, and South San Francisco, the city which he had taken into his great heart, the community whose social and business advancement he watched and encouraged with a zealous eye and helping hand, will miss him sorely.

All that there was of his life has faded into the night of endless sleep; its sweetness and nobility, its power and its purity, but the memory of the worthy deeds done by this beloved man now dead will live forever.

No bronze or marble shaft, no splendor of ancient or modern tombs, and no play of immortal genius will be required to adorn the memory of Jesse Lilienthal in South San Francisco. His life, his deeds, his influence, living and dead, and his pure aspirations will be the monuments that will keep his name burning in the hearts and homes of those who knew him best and loved him most.

He walked hand in hand with God. Conscience guided his every act. He was a model of mental industry, strictly honest in every service which he rendered. His true worth was never realized until he was taken from us.

Jesse Lilienthal, a Jew, died with the name of Providence upon his lips while making a stirring appeal for the drive for funds for St. Ignatius Catholic College. His last words were:

"At this time of unrest and discord apparent throughout the world I can think of no organization better prepared to serve humanity than the Roman Catholic Church. This is a time for one country, one flag and one God."

The memory of that last message will be forever indelibly impressed upon the heart of humanity.

Teachers, \$16; Barbers, \$30

Two advertisements appeared lately in a New York newspaper—one of them calling for a teacher of mathematics, history and psychology at a salary of \$65 a month. The other one called for a colored barber at \$30 a week.

There is no particular reason why the barber should not get \$30 a week. Milk wagon drivers are getting \$35, and they don't need to know more about driving than any farm boy knows. A quick, light-fingered barber needs as much dexterity as a milk wagon driver, and deserves as good a salary.

But we are sorry for the teacher of mathematics and history. Sixty-five dollars each calendar month means \$15 a week. The barber who gets \$30 for pruning whiskers may be glad he knows nothing about mathematics or history.

And in Illinois a high school teacher who tried to persuade one of his pupils to stay and finish his education was met with an irrefutable argument. "I have a job in a mine," said the boy. "I am making more money without an education than you are making with one."

At the present moment, the development of the rising generation marks America's greatest crisis. Unrestricted immigration has made this country an ethnological freak show. By offering salaries which will attract teachers whose personality and attainments will be a really uplifting force, we may guarantee to the America of the immediate future the perpetuation of the ideals and standards which are at present in danger of passing to the discard.

The teachers of South San Francisco, with the endorsement of the Chamber of Commerce of this city, have petitioned the county Supervisors for a minimum salary of \$100 per month. The petition met with the approval of the board and it is likely that the move of the local teachers will be the means of establishing this minimum rate throughout San Mateo county.

At least, we hope so.

A Feast--or a Fast

Looking back on the way in which Memorial Day was spent throughout the country, we feel that its significance and purpose are being forgotten. We have made it a day for junketing—a Fourth of July epidemic in milder form.

Gloomy solemnities have little value. Crepe hanging is a function in which no one wants to specialize. But the day has now acquired a new meaning—particularly to gold star mothers.

It originated in the self-dedication of between two and three million men, of whom nearly one-half paid the supreme price, that certain ideals might live. For their sake, and for the sake of those youngsters whose graves are less than a year old, we should insure the permanence of all that is implied in the observance of this anniversary.

In expectation of the President's return, Congress should purchase a beautiful new doormat with the word "Welcome" upon it.

The Huns are not even entitled to the praise of being good losers.

Would you call the airplane voyage plain sailing?

U. S. SHIPPING BOARD
IN NEED OF MEN

Thousands Needed to Man New Ships
in Proposed Great American
Marine.

San Francisco, June 6.—No able-bodied American between 18 and 35 years of age need be jobless, according to Henry Avila, supervisor of the United States Shipping Board's sea training program on the Pacific Coast. Avila declared to-day that thousands of men are needed at once to man new ships in the great American merchant marine.

California is expected to furnish merchant ships with 500 sea recruits during the month of June. Unless that number come forward without delay the operation of new cargo carriers will be seriously handicapped. A vigorous campaign for men is to be undertaken without delay.

Men who volunteer for sea service will be assigned to the training ship Iris and given six weeks' instruction in their new duties. The Iris trains recruits as seamen, firemen and stewards. The most acute present need is for seamen.

On graduation from the Iris the embryonic seamen, firemen and stewards are assigned to merchant ships at the high wages now prevailing in the merchant marine. During the training period the men receive \$30 a month.

Avila declares the Shipping Board promises rapid promotion to the man who applies himself. The demand for deck and engineer officers is correspondingly as great as the need for seamen and the ambitious mariner is given all possible chance to win a license within three years.

"President Wilson declares there is no more honorable profession than that of seaman," said Avila to-day. "The training plan has been undertaken by the government with the view of adequately manning every ship. Our great fleet of deep-water vessels will avail us nothing if sufficient men do not come forward to operate them.

"America's opportunities for commercial expansion were never as bright as they are at present. We have the ships. Now we must have the men. Those who volunteer for the deep-water service are fulfilling a patriotic obligation."

Men who want to engage in the remunerative sea service and see the ports of the world are asked to apply immediately at the drug stores in their communities officially designated as enrolling stations or at Room 323, 329 Pine street, San Francisco.

J. W. LILENTHAL DEAD.

(Continued from Page 1.)

sincere respect and admiration in which he was universally held.

Judge E. E. Cunningham

The people of South San Francisco lost a true and sincere friend in the death of Jesse W. Lilienthal. He was one of the intellectuals and one of the rich, who never knew by personal experience the pinch of poverty, who through all his life was a friend of those less fortunate, a friend of the poor; and so it is that the people of this city of working men and women have lost a true friend.

My acquaintance with Mr. Lilienthal was not at all close or intimate, but for the past ten years I have noted his attitude and activities in matters of public welfare, and had come to admire and love him for the good he was doing.

He was intellectually great, but what is better by far he was spiritually great. The tribute of Rev. Father Cavanaugh gives the true picture of the man who was a lover of God and of his fellow-man in these beautiful words:

"He lived with the thought of God in his heart, and he died with the name of God on his lips."

City Attorney J. W. Coleberd

Because of his intimate relationship with South San Francisco and its development, our city feels keenly the loss of Jesse W. Lilienthal. Mr. Lilienthal always had the welfare of this community at heart.

Mr. Lilienthal was without doubt one of the great men of our time. That he was free from prejudice and bigotry and thoroughly American, is fully demonstrated by the immortal utterance from his dying lips. He was a man of sterling integrity, of superior intellect, sound judgment, and possessed a most charming personality.

He was supremely interested in helping his fellow-man, and during the last years of a very busy life exerted himself to the utmost in philanthropic endeavor.

Many fine expressions of good citizenship, patriotism and right living have been heard from the lips of Jesse W. Lilienthal in the course of his many addresses to San Francisco audiences. They bore the more weight for having been exemplified in his life. These are a few that have been recorded:

"I am a great believer in the brotherhood of man. I do not care what a man's race or religion may be or how humble his position in life. Whatever it may be I feel toward him that he is my equal and I am always ready to treat him as my equal so long as he leads an honest and industrious life."

"For five years I have not saved a cent and I do not intend to. At the end of each year I have divided whatever surplus there might be over expenses among institutions of charity and those whose work tends toward civic good or the uplift of art or music. I do not believe the people I have tried to help could ever derive half the benefit or happiness in receiving that I have in giving."

MRS. ED KAUFFMANN RECOVERS AUTO INJURIES

Mrs. Ed Kauffmann has entirely recovered from severe bruises and scratches about the face, sustained when she and the other occupants of the car which she was driving had a narrow escape from death while making a sharp turn to avoid a collision on the peninsula, near Pleasanton, on Thursday last.

In the car were Mr. and Mrs. Kauffmann and A. Kauffmann. When the turn was made the car left the paved road, skidded on the dirt and crashed into a telegraph tree which collapsed directly across the top of the automobile, the body of which was almost totally wrecked. None of the other occupants of the car were injured.

CONGRESS PASSES SUFFRAGE BILL

Woman's Forty-Year Fight for Equal
Rights Wins by Vote of
66-30.

Action by Congress on equal suffrage—subject of a fight of forty years' duration—ended late Wednesday in adoption by the Senate by a vote of 56 to 25 of the historic Susan B. Anthony constitutional amendment resolution.

The proposed amendment, adopted by the House by a vote of 304 to 89, May 21, as the first act of the new Congress, now goes to the States, ratification by Legislatures of three-fourths of which is required for its incorporation in the Federal Constitution.

The roll call showed two more than the necessary two-thirds for the resolution, which was drafted by Susan B. Anthony in 1875 and introduced by Senator Sargent of California in 1878. Counting paired and absent members, the Senate actually stood 66 to 30 for the measure.

Loud Applause Greets
Announcement of Passage

Loud applause, uncheckered by the presiding officer, swept the Senate chamber when the final vote was announced following two days' debate and many jubilation meetings were in progress at night at headquarters of various woman's organizations which have been active in support of the measure.

Immediately after the Senate's action the resolution was taken to Speaker Gillett's office and signed. It was rushed back to the Senate for its presiding officer's signature, but arrived after the Senate adjourned and was approved the day following. President Wilson's signature, it was stated, is not necessary, although the resolution will be sent to the White House as usual and may be signed by the executive. It will be certified to the States by the State Department.

Of the absentees, Senators Owen and Robinson favored the resolution, and Senator Smith of Georgia was an opponent.

Men who criticize women's dress don't mean a word of it. It's merely customary to do it and women never pay any attention to it—and shouldn't.

CHARGE AGAINST JEWELER
DISMISSED BY GRIFFIN

A charge of obtaining money under false circumstances against H. W. Copp, a San Francisco jeweler, was dismissed this week by Justice of the Peace Ray Griffin of Redwood City because of insufficient evidence. The complainant was Andre Andrade, a colored man, who said Copp sold him a watch under false representations.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition hearing will be destroyed forever. Many cases of deafness are caused by catarhal, which is an inflamed condition of the mucous surfaces.

Hall's Catarhal Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarhal Medicine. Circulars free. All Druggists, 75c.

SCHOOL CHILDREN WILL SING IN PAGEANT AT STANFORD

More than two hundred school children from Redwood City, Palo Alto, Mayfield, San Mateo and other towns on the peninsula will sing in the pageant "service," that is to be produced at Stanford University on June 14. The children will appear in the choruses and are already practicing for the event. It is said that the production will be the biggest of its kind ever attempted on the Pacific Coast. Not only are the Stanford students going to appear in the pageant, but a large number of Stanford alumni and friends living on the peninsula will take an active part. The pageant is to be staged on the Stanford track oval, the whole space to be covered with canvas and stages will be erected. The lighting will be one of the features of the production.

DR. NORTHCOTT RETAINS ATTORNEYS ROSS & ROSS

Ross & Ross, the well-known attorneys of San Mateo county, have been retained as associate counsel in the defense of Dr. Ephraim Northcott, the San Francisco physician whose trial on a charge of murder in connection with the death of Inez Reed is scheduled to begin in the Superior Court on June 9—a week from next Monday. Ross & Ross will be associated with Attorneys J. R. Cunnigham and J. H. McPike in handling the case.

Dr. Northcott, who is at liberty on \$8000 bail, furnished a new surety bond on Thursday. His former sureties were John Borges of Benicia and Margaret A. Anderson of Oakland. A. J. Lowell of Westport, Mendocino county, takes the place of Mrs. Anderson on the new bond.

ALEX FERAMISCO GIVEN SIX MONTHS' JAIL SENTENCE

Alex Feramisco of Fresno, who was found guilty by a jury in the Superior Court last Wednesday of the crime of rape, committed at Halfmoon Bay, was sentenced to serve six months in the county jail by Judge Buck on Monday morning. The jury in bringing in its verdict had decided that the defendant be imprisoned in the county jail and had recommended him to the mercy of the court. Before sentence had been pronounced by Judge Buck, Attorney Mansfield, representing Feramisco, made a strong plea for probation for the prisoner. The court stated the verdict of the case made it impossible for him to entertain the probation plea.

District Attorney Swart prosecuted the case against Feramisco.

TWO YOUTHS ARRESTED.

John O'Keefe, 42 London street, and Arthur Johnson, 117 Wingfield street, San Francisco, both 19 years of age, are in the county jail in Redwood City, awaiting charges of burglary being placed against them. The youths were arrested early Sunday morning as they were leaving an oil supply station in San Mateo with three five-gallon cans and three one-gallon cans of oil in their possession. When taken into custody by Officers Frank McNally and John Lennon and searched, the pair were found to be carrying a .38 Colt automatic revolver and a slungshot.

Every bill introduced by her was passed by the Legislature and was signed by Governor Stephens.

News of the last bill came Saturday when Mrs. Hughes' measure increasing the salary of the Superior Judge of Butte county from \$4000 to \$5000 a year had become a law.

You not only reap what you sow but a good many things your ancestors have sown.

CHARLES RAY in "A Nine O'Clock Town"
A Paramount Picture

To all city folk who were reared in country towns, "A Nine O'Clock Town," the new photoplay starring Mr. Ray, which will be seen at the Royal Theatre next Tuesday, will have an exceptional appeal.

There are many men and women of prominence throughout the country moving in exclusive social and big business circles of the larger cities, whose minds go back to the little town in which they were born, and who, amid the excitement of social and business life in the big cities of the country, think of the 9 o'clock villages where they were reared and where curfew rang at sundown. Many business men throughout the country gained the rudimentary knowledge of their business affairs in their own home town, and they have been the better and more successful for it.

In his latest photoplay, Charles Ray is pictured as a manager of an "emporium," who meets with many interesting adventures, and who, after staring failure in the face, finally achieves brilliant success. While the photoplay is essentially a comedy, it has an interesting love story, and all the thrills that attend the development of an appealing story. The picture was written and directed by Victor L. Schertzinger, and the supporting players, chief among whom are Jane Novak, Otto Hoffman, Dorcas Matthews, Gertrude Claire and Catherine Young, rank among the best of the Thomas H. Ince players.

The photography of "A Nine O'Clock Town" is one of its greatest charms, this being the work of Chester Lyons, one of the most capable photographers in the country. From every other standpoint also the photoplay is one of exceptional merit and can be seen over and over again with profit and satisfaction.

The San Bruno team knocked Ricconi all over the lot, while Knolls had the city boys eating out of his hand. Knolls struck out the first ten men up, making a total of eighteen strike-outs. Errors gave Daly City three of their runs in the sixth inning. The feature of the game was the fielding of Flor and Weyman and heavy hitting by Leach, Schmidt and Hoops of the Y. M. I.

BUSINESS OF IMPORTANCE AT NEXT MOOSE MEETING

Supreme Councilman Frank Monahan and General Organizer G. W. Millpaugh were present at the initiation ceremonies of the Loyal Order of Moose on Thursday evening, when twenty-seven new members were initiated into Defenders' Circle of that lodge. The visiting officials complimented Dictator Schurk and his staff of workers on the excellent membership which the local lodge had reached.
